

ISBQPIP Examination Declaration
23 + 25 February 2021

Since this examination is taking place in an online format, you are expected to adhere to professionalism and integrity. You are asked to comply with the following:

I confirm that I will be sitting the exam myself. Therefore, I will show an ID with a photo at the beginning of each exam part via my webcam so that a photo can be taken in order to confirm my identity.

I confirm that I will complete the exam alone, without consulting with or the assistance and cooperation of any other person.

I am aware that I am allowed to download and/or print the case studies, but that I am NOT allowed to copy, screen dump, or otherwise record or distribute the questions and/or answers of either of the two theory exam sessions.

I confirm that I will not share my answers with others.

I am aware that I am allowed to use any tool, resource, or database. Consulting resources is my own decision and I am aware that I should take the allotted time for the exam part into account.

I am aware that the files that are uploaded by me to the exam environment in accordance with the instructions related to the exam are the only files that will be checked and for which I will receive a grade.

I am aware that my results for the case studies should be uploaded **within** the given time frame. Results received by the ISBQPIP after closing of the examination part will not be considered for marking.

I am aware that my webcam is used during the exam as part of a supervision process. I hereby undertake that I will not disrupt these supervision actions, and will enable correct functioning of my webcam with the camera on and directed towards me throughout the entire exam.

I am aware that my results will be checked for plagiarism. Submission of answer papers that are identical or nearly identical will be deemed to be fraud. This may also apply if the answer paper closely resembles another answer paper or has clearly been written by others.

I am aware of the importance of conducting exams with integrity and fairness and according to the instructions, and I hereby confirm that I will comply with the above requirements. I am aware that non-compliance with these instructions will be considered fraudulent behaviour and will result in a FAIL for the entire exam, including the possibility of exclusion from future exams.
